Objective

Passionate React Developer with UI design expertise and 1 year of experience in crafting high-performance, user-centric applications. Proficient in front-end technologies, responsive design, and UX principles. Enthusiastic about building impactful projects and continuously enhancing technical proficiency.

Skills

- **Frontend:** React.js, React Router, ES6/ES5, HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI
- **Backend:** Express.js, Node.js (Basics)
- **API & Authentication:** Axios, JSON Web Tokens (JWT), RESTful APIs
- **Database:** MongoDB, SQL, MySQL
- **Version Control:** Git, GitHub
- **UI Design:** Figma, Wireframing, Prototyping
- **Tools:** PowerPoint, Excel

Experience

Freelance Frontend Developer

Jan 2025 – Feb 2025 (Remote)

- Collaborated on an ongoing client project to improve and modernize UI elements.
- Updated layouts and components using HTML, CSS, and JavaScript for better responsiveness.
- Ensured design consistency and performance optimization across major browsers.
- Worked directly with clients to gather feedback and iterate design changes.

Freelance UI/UX Designer – Hospital Website (Figma)

Oct 2025 – Nov 2025 (Remote)

- Designed a complete hospital website interface using Figma focused on clean, user-friendly layouts.
- Built high-fidelity prototypes and wireframes for appointment booking, doctor profiles, and contact pages.
- Applied mobile-first and accessibility best practices in UI design.

Menteechain Consultancy – Frontend Developer

June 2023 - May 2024

- Developed and optimized user-facing features for web and mobile applications using React.js.
- Translated UI/UX designs into high-quality, responsive, and accessible interfaces.
- Integrated UI components with backend logic and RESTful APIs.
- Ensured cross-browser compatibility and performance optimization.

Education

UpGrad Campus – Full Stack Web Development

August 2022 - July 2023, Bengaluru

- Developed proficiency in React.js, Redux, Node.js, Express.js, and MongoDB.
- Gained hands-on experience with Git and CI/CD pipelines.

Kamla Nehru College, RTMNU – BCA

June 2019 - June 2022, Nagpur

Projects

1. School Management System (Ongoing Project)

Tech Stack: React.js, Tailwind CSS

- Developing a frontend website to showcase school profiles, including sections for students, teachers, and fee details.
- Creating responsive UI components to display information clearly and attractively.
- Implementing role-based navigation and interactive elements for better user engagement.

2. Portfolio Website ([GitHub](#) | [URL](#))

Tech Stack: React.js, Tailwind CSS, Framer Motion

- Created a personal portfolio to showcase projects and skills with an interactive UI.
- Integrated animations and smooth transitions for an engaging user experience.

3. Static Websites (Menteechain)

Tech Stack: React.js, Vite, Tailwind CSS, EmailJS

- Built multiple static websites with modern UI/UX design principles.
- Integrated EmailJS for seamless email functionality.

4. upGrad Eshop ([GitHub](#))

Tech Stack: React.js, CSS, Material UI

- Developed a responsive e-commerce application with an intuitive shopping experience.
- Integrated product filtering, sorting, and cart functionalities for a seamless UX.

Certifications & Achievements

- **[MERN Stack Development \(UpGrad\)](#)**
 - Developed multiple full-stack projects showcasing frontend and backend integration.
